

The Cortez cluster,  
the  
'Jewel of the Battle  
Mountain trend'

Two clusters of giant Carlin-style gold deposits:

- Hosting seven of the world's thirty 'largest' gold mines each with >10 M oz reserve:
- Four in the Carlin trend, three (so far) in the Cortez trend
- Several >20 million oz
- Producing > 5.5 million oz/yr.
- 80% of US production
- 10% of world production
