CORPORATION

- NuLegacy Gold Closes Initial Tranche of Private Placement-

April 12, 2013 Reno, NV - NuLegacy Gold Corporation (NUG:V) reports that it has completed an initial closing of the non-brokered private placement announced April 10, 2013. To date the Company has sold a total of 8.1 million units (the "Units") of the 10 million offered at a price of \$0.10 per Unit for gross proceeds of \$810,000.

Each Unit consists of one common share and one share purchase warrant, with each warrant entitling the holder thereof to purchase one additional common share of the Company for a period of 24 months, subject to acceleration, at a price of \$0.15 during the first 12 months and \$0.20 during the last 12 months.

The net proceeds of the financing will be used to finance the Company's gold exploration programs on its Red Hills project in Nevada, United States and for general corporate purposes.

All securities issued in connection with the initial closing are subject to a four month and one day hold period expiring August 12, 2013.

NuLegacy Gold Corporation is a Nevada based exploration company focused on delineating a Carlin-type near-surface oxide Iceberg gold resource on its 87 square km [Red Hill](#) option (to joint-venture with Barrick Gold). The Iceberg deposit has similar geology to that of Barrick Gold's on-going multi-million ounce Goldrush gold [discovery](#).

This news release contains forward-looking statements, which relate to future events or future performance and reflect management's current expectations and assumptions. Such forward-looking statements reflect management's current beliefs and are based on assumptions made by and information currently available to the Company. Readers are cautioned that these forward looking statements are neither promises nor guarantees, and are subject to risks and uncertainties that may cause future results to differ materially from those expected. There are no known resources or reserves on the Iceberg deposit or the Red Hill project and the proposed exploration programs are exploratory searches for commercial bodies of ore. In addition, the presence of gold deposits on properties adjacent or in close proximity to the Red Hill project is not necessarily indicative of the gold mineralization on the Red Hill project. All of the forward-looking statements made in this news release are qualified by these cautionary statements and those in our continuous disclosure filings available on SEDAR at www.sedar.com including our annual management's discussion and analysis dated July 30, 2012 for the year ended March 31, 2012. These forward-looking statements are made as of the date hereof and the Company does not assume any obligation to update or revise them to reflect new events or circumstances save as required under applicable securities legislation.
