STARTING THE NEW YEAR WITH A NEW DIRECTOR

~ One to retire ~

To NuLegacy shareholders/stakeholders:

Hi Folks,

[+ To view today's news release.](#)

Here's wishing you all a belated Happy & Prosperous 2017!

We start the New Year with the announcement of a new director, Mr. Edward Cope...please see the linked news release for some biographical details.

Ed Cope was our main contact at Barrick Gold prior to Rob Krcmarov becoming a director of NuLegacy last year. While Mr. Krcmarov is retiring as a director of NuLegacy in favour of Ed we will continue to engage with Rob as part of our periodic geo-technical reviews with our shareholder Barrick Gold.

We will follow up soon with a news release (likely mid-February) on the last of 2016's drilling results (the deep stratigraphic core hole twin of the reverse circulation Avocado discovery hole AV-02 reported [Sept. 13, 2016](#)) and another (late-February) detailing our 2017 field exploration program which is scheduled to commence drilling in mid-April. After that you can expect a steady news flow throughout the year.

If you are in Vancouver this week, come on down to the 2017 [AME Roundup](#) (Vancouver Convention Center 999 - Canada Place) and visit with your team in Booth 925 as we present our corporate and geo-technical data on Wednesday & Thursday (Jan 25-26) in the "Core Shack" area. <http://nulegacygold.com/i/maps/NUG-Roundup-map.pdf>

Until then, cheers,

Albert

Albert J. Matter
