## NULEGACY REPORTS 2ND SET OF ASSAYS

~ PROVIDES SEASONAL CHART OF GOLD PRICES ~

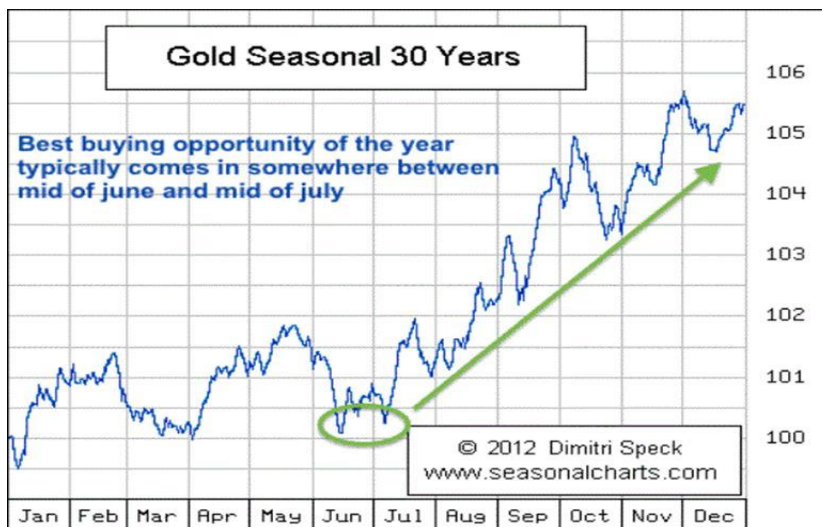

To Friends, Family and NuLegacy Shareholders/Stakeholders.

Hi Folks,

[+ View News Release](#)

Right on schedule we have reported the assays from the 2<sup>nd</sup> set of six holes (of the 24++ holes planned for this summer/fall exploration program) just as we have commenced drilling the 3<sup>rd</sup>. set – whose assays we anticipate reporting in the second half of July.

Since we are planning to be reporting assays through to the end of September it would be useful if gold demonstrated its historic price seasonality! A little tail wind is always welcome.

Please view news release at [+ View News Release.](#)

Thank you and all the best.

*Albert*

The foregoing contains forward-looking statements, which relate to future events or future performance and reflect management's current expectations and assumptions based on information currently available to the Company. Readers are cautioned that these forward looking statements are neither promises nor guarantees, and are subject to risks and uncertainties that may cause future results to differ materially from those expected. There are no known resources or reserves on the Iceberg Deposit or the Red Hill project and the proposed exploration programs are exploratory searches for commercial bodies of ore. All of the forward-looking statements made in this summary are qualified by these cautionary statements and those in our continuous disclosure filings available on SEDAR at [www.sedar.com](http://www.sedar.com) including our annual management's discussion and analysis dated July 25, 2014 for the year ended March 31, 2014. These forward-looking statements are made as of the date hereof and the Company does not assume any obligation to update or revise them to reflect new events or circumstances save as required under applicable securities legislation. The scientific and technical information contained herein has been approved by Dr. Roger C. Steininger, NuLegacy's Chief Operating Officer and a "qualified person" as defined by NI 43-101, Standards of Disclosure for Mineral Projects.
