## NULEGACY TO ACCELERATE EXPLORATION ~ Charles Weakly Expands World-class Geo-Exploration Team ~

### To NuLegacy shareholders/stakeholders:

Hi Folks,

[+ To view today's new release](#)

In response to the numerous discoveries that NuLegacy has made this past twelve months, Mr. Charles Weakly, one of Barrick Gold's top geologists has joined us to assist in accelerating our resource delineation objectives. He is credited with significant contributions to the discovery/delineation of over 10 million ounces of gold for Barrick!

Since no one seems to have the time or inclination to read these days we are working towards video presentations; until then I do suggest you read or reread the [October 11, 2017 news release](#). In it we provided the initial guidance on our Fall 2017 program and **recounting the numerous successes** we had in the summer 2017 wildcat exploration program!
